COMMUNICATION AS CRITICAL INQUIRY (COM 110) COURSE GOALS

Communication as Critical Inquiry (COM 110) seeks to improve students' abilities to express themselves and to listen to others in a variety of communication settings. Effective oral communication is viewed as an essential life skill that every person must possess to function in today's society. The course emphasizes participation in a variety of communication processes to develop, reinforce, and evaluate communication skills appropriate for public, small group, and interpersonal settings. The course content and experiences will enable students to assume their responsibilities as speaker-listener-critic in a culturally diverse world. In short, the course is designed to make students competent, ethical, critical, confident, and information literate communicators.

COM 110 addresses the following General Education outcomes:

- II. intellectual and practical skills, allowing students to
 - a. make informed judgments

- c. report information effectively and responsibly
- e. deliver purposeful presentations that inform attitudes or behaviors

III. personal and social responsibility, allowing them to

- a. participate in activities that are both individually life-enriching and socially beneficial to a diverse community (civic knowledge and engagement)
- b. demonstrate ethical decision making
- c. demonstrate the ability to think reflectively

IV. integrative and applied learning, allowing students to

- a. identify and solve problems
- b. transfer learning to novel situations
- c. work effectively in teams

ASSIGNMENTS

Speeches. Each student will present three speeches:

- a. Informative speech (5-7 minutes, no more than 7:30; at least 4 sources must be cited in the presentation and in the references)
- b. Group presentation (25-35 minutes depending on the number of members, each member must speak at least 5 minutes consecutively, at least 10 sources must be cited in the presentation and in the references)
- c. Persuasive speech (5-7 minutes, no more than 7:30; at least 6 sources)

All three speeches must be completed to pass the course. Each presentation will be evaluated on content and delivery. Specific details will be clearly outlined in class. Typed outlines and references are required for each (a sample will be provided). If you have any concerns about your ability to meet the requirements of this course, please come and see me to discuss your concerns.

Participation (Daily Speaking Opportunities). Because Communication as Critical Inquiry is a skills-based, developmental course, participation is essential. It is important that you get these daily speaking opportunities to increase your confidence with your classroom audience. Participation is a function of attendance, demonstration of having read the material, asking questions that extend the thinking of the class and instructor, contributing relevant examples, and demonstrating respect for the contributions of classmates.

COURSE POLICIES

Illinois Articulation Initiative (C2900). The Illinois Articulation Initiative is designed to allow students to transfer course credit between institutions. The IAI requires that all COM 110 students present at least three speaking opportunities that include research and are five minutes, or longer, in duration. Additionally, these presentations and speaking opportunities (participation) must comprise at least 50% of the overall grade.

COM 110 Lab. You are encouraged to visit the COM 110 lab at least once during the semester to practice your speech. It is also recommended that you plan a visit to the COM 110 lab at least one week before your speech so you have enough time to synthesize the feedback received from the attendant and incorporate it into your speech. Ultimately, the COM 110 lab can be a useful tool in improving the quality of your speech and public speaking skills. To schedule time in the COM 110 lab, call (309) 438-4566 or come to Fell 060 and schedule an appointment in person. **You can only make an appointment during COM 110 lab open hours over the phone or in person.** If you wish to video-record your presentation, please tell the attendant when booking your appointment. Remember to book your appointment early, as there are a great number of students trying to make appointments. You must bring a completed outline to the appointment. **You must also schedule an appointment at least 24 hours before you are scheduled to deliver your speech in class, or you will not be able to use the COM 110 lab. If you need to change or cancel your appointment, you will need to call the COM 110 lab at (309) 438-4566 or stop by in person (Fell Hall 060) 24 hours in advance. If you fail to cancel your appointment 24 hours in advance you will not be allowed to use the COM 110 lab again.**

Cheating/Plagiarism. Students are expected to be honest in all academic work, consistent with the academic integrity policy as outlined in the *Code of Student Conduct*. All work is to be appropriately cited when it is borrowed, directly or indirectly, from another source. Unauthorized and unacknowledged collaboration on speech topics and/or the presentation of someone else's work warrants plagiarism.

Students found to inadvertently commit acts of dishonesty will receive appropriate penalties specific to the assignment in question. Students found to commit intentional acts of dishonesty will receive a failing grade in the course and will be referred for appropriate disciplinary action through Student Conduct and Conflict Resolution Office.

Special Needs. Any student needing to arrange a reasonable accommodation for a documented disability and/or medical/mental health condition should contact [Student Access and Accommodation Services](#) at 308 Fell Hall, Office Phone (309) 438-5853, Video Phone (309) 319-7682 or visit the website at StudentAccess.IllinoisState.edu.

Mental Health Resources. Life at college can get very complicated. According to recent research, nearly 40% of college students are at-risk for developing generalized anxiety disorder and are less likely to seek help for it compared to other mental health issues. Students also sometimes feel overwhelmed, lost, experience depression, and struggle with relationship difficulties or diminished self-esteem. However, many of these issues can be effectively addressed with a little help. Student Counseling Services (SCS) helps students cope with difficult emotions and life stressors. Student Counseling Services is staffed by

experienced, professional psychologists and counselors, who are attuned to the needs of college students. The services are FREE and completely confidential. Find out more at Counseling.IllinoisState.edu or by calling (309) 438-3655.

Illinois State University Bereavement Policy. If a student experiences a death of an immediate family member or relative as defined below, the student will be excused from class for funeral leave, subsequent bereavement, and/or travel considerations. The student will provide appropriate documentation and arrange to complete missed classroom work as soon as possible according to the process outlined below.

Upon notification of the absence and proper documentation, each faculty member shall excuse the student from class according to this policy and provide an opportunity to complete missed exams, quizzes, and other required work. Ultimately, the student is responsible for all material covered in class and must work with each individual professor as soon as they return to complete any required work. Details can be found at the following website: <https://policy.illinoisstate.edu/students/2-1-27/>

BEHAVIORAL EXPECTATIONS POLICIES

Professional Courtesy. Professional courtesy includes respecting others' opinions, not interrupting in class, being respectful to those who are speaking, and working together in a spirit of cooperation. I expect you to demonstrate these behaviors at all times in this class. With that in mind, sleeping, reading materials irrelevant to class purposes, texting, or disrupting the class will not be tolerated and will result in the student being considered absent for that particular class period.

Presentation Etiquette. On presentation days, you have dual responsibilities as a speaker and an audience member. When you are presenting, you will dress appropriately. When you are an audience member, you will be attentive and ask challenging but constructive questions when the presentation is finished. Because most people are nervous when they present, you will be supportive both verbally and nonverbally. You will never enter or leave the room while a presentation is in progress.

Behavioral Expectation Policy. Should any student violate the expectations of appropriate classroom behavior (as mentioned in the professional courtesy and presentation etiquette policies above), the instructor will schedule a meeting to discuss these expectations and develop a behavioral modification plan. If these behaviors persist, you will be at-risk for failing the course.

SCHOOL OF COMMUNICATION RESEARCH POOL WEBPAGE

Additionally, there will be a few extra credit opportunities for research participation. The extra credit points will be added to your final grade and may not necessarily appear in the gradebook immediately upon your completion of the opportunity. There are no guarantees for extra credit, and it is each student's responsibility to be aware of and take advantage of such opportunities. You may receive extra credit for participating in any of the studies in the School of Communication's Research Pool. The Research Pool is updated as research studies are opened/closed, and it is your responsibility to access the Pool and be aware of available opportunities. The Research Pool can be accessed via:

<https://sites.google.com/site/ilstusocstudies/>

In general, each 30 minutes of participation in an extra credit study will earn you .5 Research Credits. Each project listed on the Research Pool site will indicate the specific number of Research Credits associated with the project. I will get evidence of participation and the time of participation from the researcher(s) who administer the research studies at the conclusion of the semester; however, it is *your* responsibility to make sure that the researchers have the necessary evidence of your participation at the

time of the study. Before participating in a study, **please be sure to have your name, ULID** (i.e., the part of your email before @ilstu.edu), **instructor name, and course and section number ready**, as you will need to provide these to receive credit. Research Credit can only be applied to one course for each study, unless specified otherwise in the Research Pool. A maximum of 5% of your final course grade can be earned from extra credit opportunities via the Research Pool. After the final exam there will be no further opportunities for extra credit or to otherwise improve your grade.

Please also be aware that federal guidelines indicate that instructors offering extra credit for research participation must offer a reasonable alternative (such as a research paper) for students who want to earn extra credit but do not want to participate in a study.
